

The process for most control states when it comes to special order is;

1. Retail interest is expressed to the state
2. The state contacts the VOR/Supplier regarding pricing and availability
3. MHW contacts the client to confirm both availability and current pricing
4. Once that information is confirmed a price quote is drafted and submitted to the state
5. The state submits a PO to us for fulfillment
6. The client's designated customer service team (for you Team Orders) works with the client to get the product to the state.

Regarding your inquiry for Delta Sky Club please let them know they will need to contact the state first.

We deal with this in Texas, Oregon, Michigan, Virginia, Utah, Philly, etc.
